GEORGIAN SSR TOPS THE THIRD-QUARTER PLAN 9 PERCENT

The Statistics Administration Georgian SSR reports that industry in the republic fulfilled the third-quarter 1951 gross-production plan 109 percent, including union industry. In the third quarter 1951, gross production increased 12 percent over the third quarter of 1950, including 16 percent by union industry and 10 percent by republic industry.

In the third quarter 1951, production of the following goods was considerably above plan: manganese ore, cement slate, lime, paper, cotton yarn, woollen fabric, knit underwear, vegetable oil, macaroni products, meat, canned goods, tea, grape wine, and other types of industrial products.

Individual ministries and departments of the Georgian SSR fulfilled the third-quarter gross-production plan as follows:

	Percent
Ministry of Food Industry	112
Ministry of Meat and Dairy Industry	96
Ministry of Light Industry	105
Ministry of Timber Industry	100.3
Ministry of Construction Materials Industry	99.9
Ministry of Local Industry	118
Including:	
Republic industry	108
Rayon industry	123
Ministry of Automobile Transport	103
Georgian Council of Industrial Cooperatives	110
All-Georgian Union of Invalids' Cooperatives	113

Ianchkhuti Brick Plant	56
Metekha Dry-Pressing Brick Plant	39

As of 25 October 1951, kolkhozes of the republic had completed harvesting of grain crops 100 percent. The harvested area was 15 percent larger than in 1950. By 22 August 1951, kolkhozes had completed the year plan for grain procurement, excluding corn, 101 percent. By this date 1,883,000 pud of wheat more than in 1950 had been delivered to the state.

As of 25 October, harvesting of sunflowers was completed. The harvesting of corn, potatoes, and sugar beets is still going on. The tobacco-picking plan was exceeded. Kolkhozes have exceeded the plan for harvesting indigenous hay fields. As of 25 October, the area of harvested sown grasses exceeded by 16 percent the area harvested during the same period of 1950. The plan for ensilage work was fulfilled 100.5 percent, and the work is still continuing. Procurement of coarse fodder is less than last year. In kolkhozes of the republic sowing of winter crops and plowing of fallow is still going on, but much slower than last year.

Machine-tractor stations completed 33 percent more field work by 20 October than at the same time in 1950. Combines harvested 71 percent more grain than last year.

Kolkhozes and sovkhoses fulfilled the year plan for the harvest and delivery of high-quality green tea leaf 100.7 percent on 10 September. Having completed the plan, kolkhozes and sovkhoses of the tea-growing regions, gave their pledge for an additional harvest and delivery of tea leaf. By 20 October, 9,623 more tons of high-quality tea leaf were harvested and delivered to tea factories than by the same date of 1950. By 15 October, the year plan for preparation of soil for tea plantations was completed 74 percent, 34 percent more than at the same time in 1950. Preparation of soil and fall planting of tea plantations are continuing.
